DORA GARCÍA

Biografia

Reconeguda internacionalment, l'obra de **Dora García** (1965, Valladolid) es basa en organitzar el coneixement com un material amb dret propi. A través d'una recerca documental exhaustiva, la seva obra es desplega a través de l'escriptura, el cinema, la instal·lació i la performance, i es centra en històries que la mateixa artista organitza i escenifica, evocant situacions dissenyades per involucrar el visitant i desencadenar experiències úniques i introspectives. El resultat d'aquest atlas multidisciplinari és un discurs conceptual i metafòric que aborda qüestions com la dimensió artística de la ficció, la marginalitat com a forma de resistència o les lògiques simbòliques que condicionen la nostra relació amb els espais i productes culturals.
