XAVIER RIBAS

Biografia

Xavier Ribas (1960, Barcelona) és fotògraf, professor titular de la Universitat de Brighton (Regne Unit) i professor associat de la Universitat Politècnica de València (Espanya). Va estudiar antropologia social a la Universitat de Barcelona i fotografia documental a la Newport School of Art and Design, (Gal·les, Regne Unit).

Ribas va guanyar atenció a mitjans de la dècada de 1990 amb el seu treball sobre l'ocupació espontània de les perifèries urbanes. El seu treball fotogràfic investiga llocs i històries en disputa, així com geografies de l'abandonament. Les seves obres recents prenen la forma de grans retícules fotogràfiques, que sovint inclouen text, materials d'arxiu i imatges en moviment com a formes múltiples i compostes d'examinar assentaments temporals, llocs de desenvolupament i exclusió corporativa, territoris fronterers i geografies de l'extracció.
