KIKO MIYARES

Biography

Kiko Miyares (Llanes-Asturias, 1977) graduated in Fine Arts at the Public University of the Basque Country, and developed his first exhibitions in Bilbao, as well as other related jobs such as in the logistics department of Guggenheim Museum in Bilbao 2002-2009.

Having a background in painting, he accompanied his work mainly with wood sculpture. The possibilities of representation have become a fundamental point in his work. The path between the automatic and the planned is giving way to a way of doing that plays between manual work and an increasingly complex planning. The beings represented at first become raw material, construction elements.

Miyares has participated in VII Gazte arte, Sala Araba in Vitoria, Sala Caldeira in Oporto, Casa de la Cultura in Llanes, Galería Aldame or Independent Art's festival San Nicolás, in Belgium, among other exhibitions. He has participated in several painting contests, winning the Puerto de Tazones Painting Prize, Bilbao Ría 2000 Murals and the Aldeasa National Painting Prize.
